1. Basis of presentation - lack of independence These financial statements have been internally-prepared by Geoscience BC and have not been audited or reviewed by an independent public accountant. These statements are designed for the internal use of Geoscience BC members only and are not necessarily presented in a manner consistent with generally accepted accounting principles.

## 2. Temporary investments

Connor, Clark and Lunn aggregate portfolio, at market value	n/a	13,385,015
		24,661,715

In November 2006 Geoscience BC initially invested an aggregate of \$18.0 million, as to \$8.0 million in three Banker's acceptances (which were of approximately equal amount and which were staggered to mature at 3, 6 and 12 month intervals, respectively), and \$10.0 million to pooled funds managed by Connor, Clark and Lunn Private Capital.

In April 2008 Geoscience BC invested an aggregate of \$11.0 million, as to \$6.0 million in an annual GIC and \$5.0 million to pooled funds managed by Connor, Clark and Lunn Private Capital

Geoscience BC considers these to be 'available for sale' securities and hence they are required to be carried at current market values. The Connor, Clark and Lunn value is net of current investment management fees charged of \$18,134 and included in the Statement of Operations as an expense.

To June 30, 2008, approximately \$4.0 million of these investments had been redeemed for purposes of funding current expenditures.

### 5. Subsequent events

4

Between July 1st and November 20th, 2008, Geoscience BC disbursed an aggregate of \$4,573,641 in previously approved program spending.

Subsequent to June 30th, 2008, an additional \$154,954 in project funding was approved, \$108,369 by the Board at its September 11th, 2008 meeting and \$46,585 at the President & CEO's discretion, of which an aggregate of \$139,184 was disbursed by November 20th, 2008.

Also at its September 11th, 2008 meeting, the Board approved in principal the expenditure of \$5.7 million received from the provincial government for work in the Horn River Basin by allocating approximately \$5 million to a collaborative program with the Horn River Shale Producers Group, and the remainder to an oil & gas Request for Proposals and the salary of a Vice President, Oil & Gas. These funds are not considered restricted until programs and budgets are finalized and approved by the Board

Geoscience BC received a commitment of up to \$1,650,000 from the Northern Trust, a non-profit organization established by the British Columbia government in 2004 us support regional economic development in north-central BC. The commitments are for up to \$500,00 for the Nechako seismic survey and up to \$1,150,000 for the QUEST-West program.
