

## **Geoscience BC Report 2022-07**

**January 31, 2022**

### **Digital Appendix 2.**

British Columbia groundwater well data were downloaded in October 2019 from BC Ministry of Environment and Climate Change Strategy. Please note that the online database has since been updated (January 2020), and data fields have changed.

<https://catalogue.data.gov.bc.ca/dataset/groundwater-wells>

Two tables are provided:

1. Groundwater well database for the project area of interest (NAD 83 UTM Zone 10)
2. Database legend for column names
