1. Basis of presentation

The purpose of Geoscience BC Society ("Geoscience BC" or "the Society") is to undertake and support the independent collection and public dissemination of earth science research in British Columbia.

These interim financial statements have been internally-prepared by Geoscience BC and have not been audited or reviewed by an independent public accountant. These statements are designed for the internal use of Geoscience BC members only and are not necessarily presented in a manner consistent with Canadian accounting standards for not-for-profit organizations. Accordingly, these statements should be read in conjunction with the Society's most recent annual financial statements as at and for the year ended March 31, 2023, available on Geoscience BC's website.

2. Going concern

The Society has no source of operating revenue and its future operations are therefore dependent upon the receipt of continued unrestricted and non-repayable funding, anticipated to be from government sources. In the event such funding is not received, the Society would in due course deplete its cash reserves and be required to cease operations. At September 30, 2023 the Society expects to maintain operations for a period sufficient to complete all existing commitments to fund projects from liquid asset balances currently on hand.

3. Investments

	Market Value	
	Sept 30, 2023	March 31, 2023
	\$	\$
BMO Nesbitt Burns High Interest Savings account	1,650,269	1,613,251
	<u>1,650,269</u>	<u>1,613,251</u>

Geoscience BC considers its investments to be 'available for sale' securities and hence they are carried at current market values.

7. Subsequent events

Between October 1 and December 14, 2023 Geoscience BC disbursed an aggregate of \$46,905 in previously-approved and restricted project spending and unrestricted a further \$58,153 in unspent project funds at completion.

An aggregate of \$844,000 previously included in amounts approved in principle was restricted for project spending, of which \$590,000 will be offset from project funding partners.
